1. What is an out of the way trip you've been on?
2. What causes an attitude where we can be so judgmental we think someone else does not deserve salvation?
3. Which would be harder for you, to have a conversation with someone who looks different or believes differently than you, or neither?
4. How would you share about grace with someone who has committed horrific sins?
5. How do we get out of the way of someone finding Jesus? How can we become a guide rather than a roadblock?
6. What kinds of things do you think cause "gracial" roadblocks to Jesus? How do we eliminate them?
